INDIANA UTILITY
REGULATORY COMMISSION

CAUSE NO. 40618-S1

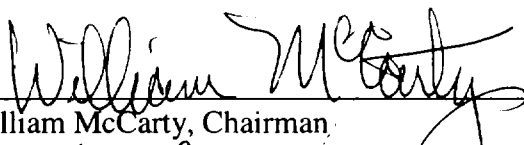

You are hereby notified that on this date the Indiana Utility Regulatory Commission ("Commission") made the following entry in this Cause:

On December 30, 2002, Lori Macklin of Verizon North Inc. sent a letter to Mr. Jerry L. Webb, the IURC's Director of Gas, Water, and Sewer Division indicating it was submitting a thirty-day filing to expand and clarify terms and conditions for the Indiana Collocation Services Tariff. After internal discussion among Commission staff members and the presiding officers in this docket, staff indicated to Ms. Cheryl Peck of Verizon to withdraw the thirty-day filing and that the review of Verizon's Collocation Tariff would be handled in a similar fashion as the original Collocation Tariff indicated in Cause No. 40618-S1 (February 27, 2002). Verizon withdrew the thirty-day filing on January 22, 2003.

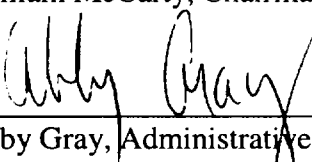

Verizon is instructed to send a copy of the December 30, 2002 filing to all parties in Cause No. 40618-S1 and to inform all CLECs who use Verizon's Local Network Access Services tariff, I.U.R.C. Tariff T-6, in Indiana of the changes through the WISE system. The WISE system is a system by which Verizon instructs CLECs of changes to its operation support system. Parties will have until February 7, 2003 (or 15 days after it is posted to the WISE system) to review the collocation tariff and provide comments. Verizon shall file any reply comments by February 24, 2003 (or 30 days after it is posted to the WISE system). If comments are filed, the Commission will either issue an Order on the recommended changes or ask for further comments based on staff questions. If no comments are filed, the tariff will be stamped "For Information Only" by the Commission on February 8, 2003 (or 16 days after it is posted to the WISE system).

In the future all changes to Verizon's collocation tariff will be handled in a similar fashion.

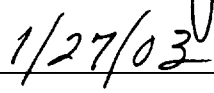

IT IS SO ORDERED.
